

**Holly Lodge Cottage**

**Review Photographs**

**5<sup>th</sup> March 2018**

## Combination Boiler

A new combination boiler has been fitted late 2017; serving all hot water in the lodge accommodation.

## Deadleg Pipe Work

Deadleg pipe work was still seen on the mains water pipe work in the rear bedroom cupboard space; recommend removal. Capped off pipe work seen investigate and remove if found to be live.

## **Possible Deadleg Pipe Work**

Capped off pipe work was still seen in the rear bedroom cupboard space area; investigate and remove if found to be live.

## **Electric Shower**

A new electric shower has recently been installed; this shower gets regular usage.

## Showerhead

The showerhead is being cleaned and descaled at least on a quarterly basis; this was last carried out in January 2018 and was seen recorded in the logbook documentation.
